

BioMed Realty's partnership with UC San Diego launches a new initiative by way of the Center for Novel Therapeutics (CNT) that will facilitate the transition of research from the laboratory into the clinic and from the campus to the marketplace. CNT will:

- Promote new personalized therapeutics through research conducted by UC San Diego investigators and private sector collaborators in shared space
- Create the first academic-industry drug discovery incubator site in San Diego
- Conduct novel therapeutic, prevention, diagnostic, and imaging intervention-directed research leading to early stage and advanced clinical trials

WELCOME

Located on the University of California San Diego, Science Research Park, the Center for Novel Therapeutics is in the heart of an area rich in academic researchers, healthcare institutions and life science and technology companies.
